

VMCC Warwick Section SPRING RUN 2022

A big thank you to the dozen members who came out for the first run of the 2022 season and blew the cobwebs off their bikes. It was a chilly start to the Sunday morning but soon warmed up nicely as we left the Long Itch diner.

The run followed the lanes out of Warwickshire via Priors Marston and into Northants visiting Litchboro, Farthingstone and Weedon just to name a few before returning to Warwickshire via Flecknoe, Birdingbury to finish up at the Friendly Inn at Frankton which had yet to open and had members waiting at the door.

During the run as we approached Weedon red kites were hovering overhead and was a sight to see, as we crested the rise the view then down onto Weedon Bec was very engaging, keep your eyes on the road chap. This was our second (?) run to utilise the second man drop off and seemed to work very well again. So a good start to the coming year and we hope to see more members out and about enjoying these events.

Ready for the off at the diner.

Journeys end at the Friendly Inn Frankton.
